**9. Background:**

The River Hall Community Development District is a uniform community development district created by law, established by rule, and adopted by the Florida Land and Adjudicatory Commission, effective April 21, 2005, whose charter was created by Section 190.006 - 190.041, Florida Statutes.

Currently, the District has the power to finance, fund, plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate, and maintain systems and facilities for the following basic infrastructure: stormwater-management; potable water supply; sewer, and waste water management; bridges or culverts; district roads; and other projects within or without the district boundary for which a development order is issued.

In accordance with Florida Statutes, Section 190.012(2), a community development district must seek consent to exercise the additional special powers granted by its general law charter.

The District is petitioning the Board of County Commissioners to adopt a resolution consenting to the District's exercise of the additional powers specifically granted and set forth in Section 190.012(2)(a) and (d), Florida Statutes pertaining to recreation and security systems. The District's request for consent from the Board to exercise additional powers granted by statutory charter was considered as part of staff's review when the district was initially established.

**9. BACKGROUND (continued):**

Because, the District is currently a functioning entity, the focus of the inquiry at the public hearing should be on whether any matter has changed since the District was created and established that would render consent to the exercise of additional powers inappropriate. Staff has reviewed the six factors set forth in Section 190.005(1)(e), Florida Statutes, in connection with the operation of the District since April 21, 2005 and finds no change in circumstance or condition relevant to those factors that is inconsistent with consent to the exercise of these special powers. The District's request is not inconsistent with, and will always be subject to, the Lee County Comprehensive Plan and all related land development regulations.

The County Attorney's Office and Community Development Planning staff, as evidenced by their attached report, recommend that the Board of County Commissioners adopt and enact the attached resolution consenting to the River Hall Community Development District exercise the special powers set forth in Section 190.012(2)(a) and (d), Florida Statutes.

Resolution Consenting to Exercise of Requested Special Powers

**ANALYSIS OF THE RIVER HALL UNIFORM COMMUNITY DEVELOPMENT DISTRICT  
PETITION TO PROVIDE ADDITIONAL POWERS**

**Prepared for  
Board of County Commissioners  
by  
Lee County Division of Planning  
August 31, 2005**

The Uniform Community Development District Act was originally adopted in 1980. The act sets forth the procedure for the establishment and amendment of such a district, the district's powers and duties for public improvements and community facilities, and additional special powers that the district may petition for. The River Hall Community Development District (previously known as Hawks Haven) was established by the Florida Land and Water Adjudicatory Commission through Rule 42YY-1, Florida Administrative Code on April 21, 2005.

The River Hall Community Development District, hereafter called "District", has petitioned the Lee County Board of County Commissioners to adopt an ordinance consenting to the exercise of certain optional special powers.

The District has its offices located at 3434 Colwell Avenue, Suite 200, Tampa, Florida, 33614. The Chairman of the Board of Supervisors is James Harvey. The property within the district is located on approximately 1,926 acres of land and is located in Lee County, Florida, lying within Sections 25, 26, 27, 34, 35, and 36, Township 43 South, Range 26 East. The land area is bounded on the West by the Hawk's Preserve subdivision, the Portico RPD, and the Buckingham 320 RPD, on the North by State Road 80, undeveloped property, and the Oak Creek subdivision, on the East by conservation lands, and on the South by lots in Lehigh Acres.

When approved, the District was granted the power to finance, fund, plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate, and maintain systems and facilities for the following basic infrastructure: water management; water supply, sewer, and waste water management; bridges or culverts; district roads; and other projects within or without the district boundary for which a Development Order is issued.

A petition to grant additional powers was received by Lee County from the District on August 2, 2005. Lee County Planning staff has reviewed the petition and finds it to be sufficient. At this time, the District has petitioned the Board of County Commissioners to conduct a hearing for the purpose of adopting an ordinance that will consent to the exercise by the District of the additional powers specifically granted in and set forth in Section 190.012 (2)(a) and (d), Florida Statutes. These powers give the District the ability to plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate, and maintain additional systems and facilities for: parks and facilities for indoor and outdoor recreational, cultural, and educational uses; and, for security, including, but not limited to, guard houses, fences and gates, electronic-intrusion detection systems, and patrol cars. The statutes specifically prohibit the district from exercising any police powers, but the district may contract with the appropriate governmental agency for an increased level of such services within the district boundary.

At the subject hearing the focus of the inquiry will not be the appropriateness of the established district, rather, the focus will be on whether any matter has changed since the district was created and established which would render the consent to the exercise of additional powers inappropriate. Staff has reviewed the six factors set forth in 190.005 (1) (e) Florida Statutes in connection with the operation of the District since April 21, 2005 and can find no change in circumstance or condition relevant to those factors which would be inconsistent with consenting to the exercise of these granted powers. In addition staff finds that granting these powers will afford benefits to the people owning property within the district.

The District's request for consent by the County to exercise additional powers granted by statutory charter is not inconsistent with, and shall always be subject to, the Lee County Comprehensive Plan and all of the County's related land development regulations.

Planning staff recommends that the Lee County Board of County Commissioners adopt an ordinance granting the River Hall Community Development District the ability to exercise the optional special powers as listed under F.S. Section 190.012(2)(a) and (d).
